Objectives

Objectives 1-15 provide for the sustainable development and protection of the area and cover a range of sectors from natural environment, social, employment-related, economic, community and environmental protection.

Specific Objectives

Objectives 16-22 must be considered in the determination of appropriate development proposals and must be considered in any Strategic Plan or Local Plan.

Zoning Objectives

Objectives 23-32 provide for the protection of the area against inappropriate development and cover areas such as Green Belts, Open Spaces, Natural and Archaeological Assets, and Rurality.
