

## **Appendix: 2: Specifications & Standards**

Standards for the Location of waste Storage and collection facilities

**Environment**

**SPECIFICATION AND COMPLETION STANDARDS FOR THE LOCATION OF WASTE STORAGE AND COLLECTION FACILITIES**

**Environment Department**

**P J Howell**

Director of Services

The provision and completion of areas for the location of waste storage and collection facilities shall be provided to accommodate the requirements of the:

1. **“Fingal County Council, Storage, Presentation and Collection of Household Waste Bye-Laws 2006”**
2. The developer’s attention is drawn to the need to provide adequate secure areas for waste storage which will facilitate waste segregation.
3. Attention to prevention of animal infestation e.g. rodents, birds, cats & dogs should be addressed in the design and location of these facilities.
4. The developer should also access audit the location to show accessibility for the waste collection agents and ease of use for householders.
