Kanopy is a streaming service only; there is no download option.

## Kanopy Kids:

- Kanopy also offers *Kanopy Kids*, which is a collection of great age-appropriate children's content.
- You can access it by clicking **Kids** in the top-right corner of the homepage.
- If you're on the mobile app, tap **More** at the bottom of the screen then Go to *Kanopy Kids*.

- Kanopy accounts can only be created by adults, so we advise parents to set parental controls to ensure children can't view content outside of *Kanopy Kids*.
- To set up parental controls, login to your Kanopy account from a web or mobile browser then go to **My Account** and select **Parental Controls**.
- Enter a four-digit PIN select and click **Turn On**.
- Your PIN will be required to exit *Kanopy Kids* from any device.
- Parental controls can only be managed from a browser.
- Parents or guardians are responsible for their children's content selections when using this service.
